Annex III

Proposed organizational arrangements for the first session of the UN-Habitat Assembly

1. With a view to the efficient conduct of work during the first session of the UN-Habitat Assembly, the Executive Director proposes for consideration by member States the organizational arrangements and timetable set out in the present annex and in annex IV. The present proposal has been prepared in line with resolution 73/239 of the General Assembly, in which it decided that preparations for the first session of the UN-Habitat Assembly should build upon the preparations already carried out for the twenty-seventh session of the Governing Council. The preparations for the Governing Council had been guided by, among others, the recommendations set out in resolution 20/21 of the Council, by which the Council requested the Committee of Permanent Representatives, acting as the intersessional subsidiary body of the Governing Council, to recommend to the Council further proposals for improving the structure and organization of the twenty-first and future sessions of the Council. At its twenty-third meeting, on 7 December 2006, the Committee of Permanent Representatives approved a set of such proposals for the twenty-first session and all future sessions, which is reflected in the present note, in particular with regard to the high-level segment, the dialogue and the theme. The UN-Habitat Assembly may wish to consider its own organizational arrangements at the appropriate time.

Bureau

2. It is anticipated that, in line with rule 17 of the current rules of procedure of the Governing Council, the Bureau of the UN-Habitat Assembly should comprise the president, the vice-presidents and the rapporteur of the Assembly, elected with due regard to the principle of equitable geographical distribution by rotation among the regional groups of States. The geographical distribution of the members of the Bureaux of previous sessions of the Governing Council are set out in annex II. The UN-Habitat Assembly may wish to consider the size of the incoming Bureau in the light of the universal nature of the Assembly, with its broader participation and membership.

3. As provided for in rule 18 of the rules of procedure of the Governing Council, one vice-president should be designated to chair the sessional committee of the whole. The remaining vice-presidents would assist the president directly in his or her duties at the plenary meetings and in chairing the ad-hoc drafting committee.

Plenary

4. Following previous practice of the Governing Council, it is recommended that work in the plenary meetings be divided into two segments: a high-level segment with statements, which would be held on the first and second days of the session; and a dialogue among national Governments, subnational governments and other Habitat Agenda partners. It should be noted that part of the morning meeting on the first day will be devoted to organizational matters, including elections.

High-level segment

5. It is suggested that discussions during the high-level segment be focused on the theme for the session, along with aspects of the provisional agenda, in particular items 9 and 13 therein, pursuant to the findings and recommendations of the Open-ended Working Group, which were endorsed by the General Assembly in its resolution 73/239. It is expected that, in accordance with the findings and recommendations of the Open-ended Working Group, the work programme of the United Nations Human Settlements Programme and the budget of the United Nations Habitat and Human Settlements Foundation for the biennium 2020–2021 will be referred to the Executive Board for consideration.

6. To accommodate the many delegations expected to attend the sessions of the UN-Habitat Assembly, it is recommended that, during the high-level segment, each delegation be allowed a maximum of five minutes of speaking time, and that this limit be strictly adhered to.

7. In establishing the list of speakers for the high-level segment, precedence will be given to Heads of State and Government, ministers and deputy ministers. They will be followed by other heads of government delegations, then by a limited number of representatives of subnational governments, other Habitat Agenda partners and other stakeholders, in accordance with rules 64 and 65 of the rules of procedure of the Governing Council.

Dialogue with local authorities and other partners

8. It should be recalled that, in paragraph 2 of its resolution 16/12, the Governing Council decided to provide opportunities at future sessions for partners to engage in a dialogue among themselves and with national Governments. Such dialogues may, as appropriate, serve as an input to the deliberations at the first session of the UN-Habitat Assembly.

9. In line with the relevant paragraphs of resolution 20/21 of the Governing Council, the Executive Director of UN-Habitat, in consultation with the Committee of Permanent Representatives, has already chosen the theme of the UN-Habitat Assembly, which will serve as the basis of the dialogue.

10. With a view to increasing the participation in and contribution to the work of the UN-Habitat Assembly on the part of subnational governments and other partners, towards the implementation of the New Urban Agenda and the 2030 Agenda, arrangements have been made for the dialogue with subnational governments and other partners to be held during the plenary meeting on the third day of the session.

11. To that end, subnational governments and other partners are encouraged to submit to the secretariat in advance a written summary of their presentations for distribution to all participants ahead of the dialogue session.

12. It should be further recalled that, by resolution 20/21 of the Governing Council, the theme of the dialogue should establish a link between the high-level segment and the dialogue among Governments, subnational governments and other Habitat Agenda partners and provide for cohesion in policy discussions during plenary meetings.

13. It is expected that the presentations to be made by representatives of subnational governments and other partners will be the outcome of consultations among those groups, which will encompass non-governmental organizations, parliamentarians, the private sector, professionals, researchers and labour unions. Arrangements will be made for subnational governments and other partners, should they so wish, to hold consultations in Nairobi immediately prior to the session.

Summary by the president

14. At the end of the high-level segment and the dialogue, the president of the UN-Habitat Assembly, drawing on the deliberations of the two preceding plenary meetings, will prepare a summary of the main issues raised in the high-level segment and the conclusions or recommendations made during the dialogue. That summary will reflect the main thrust of the discussions and key positions set out during the two segments and will be submitted for endorsement at the third plenary meeting. Any draft resolution that may emerge out of the discussions at the plenary meetings will be referred to the drafting committee for action.

15. Once endorsed by the UN-Habitat Assembly as an accurate reflection of discussions during the high-level segment and the dialogue, and subsequent to the required legislative process, the conclusions and recommendations of the president of the Assembly will serve as guidelines for follow-up action by national Governments, subnational governments and other partners and the secretariat, specifically to support activities in the current areas of focus for the work programme, strategic plan and budget of UN-Habitat.

Sessional committee of the whole

16. Bearing in mind the organization of work from previous sessions of the Governing Council and the above-mentioned recommendations regarding the work of the plenary meetings, the UN-Habitat Assembly may wish to establish a sessional committee of the whole that would be accorded responsibility for the detailed consideration of items 9, 10, 11 and 13 of the agenda.

Drafting committee

17. At its nineteenth session, the Governing Council established on an informal basis an ad-hoc open-ended drafting committee, chaired by one of the vice-presidents, to pre-screen draft resolutions submitted by delegations with a view to merging, reconciling or clarifying them, as necessary, prior to their consideration by the Governing Council at the plenary meetings. The UN-Habitat Assembly may wish to continue this practice, which was widely considered to have enhanced the efficiency of the Council's work, with the report of the drafting committee first passing through the committee of the whole for endorsement prior to adoption by the Assembly.

First meeting of the Executive Board

18. Following consultations with the Bureau of the Committee of Permanent Representatives, it is recommended that, upon the establishment of the Executive Board, the election of its members and adoption of its rules of procedure by the UN-Habitat Assembly, the first meeting of the Executive Board should be held in the margins of the Assembly. It is proposed that a one-day meeting be held primarily to consider organizational matters and to review and approve the UN-Habitat work programme and budget for 2020. The Bureau of the Committee of Permanent Representatives has also recommended that the meeting of the Executive Board be scheduled so as not to conflict with the plenary meetings of the Assembly.

19. In the light of the expected first meeting of the Executive Board and pursuant to resolution 73/239 of the General Assembly, member States are encouraged to begin caucusing through their regional groups of States on nominations to the 36-member Executive Board, to be elected during the first plenary meeting of the UN-Habitat Assembly.
