#### SIDE EVENTS

Side events provide a platform for governments, civil society organizations, private sector, community representatives, international and national organizations, academia, international and regional finance Institutions, and other United Nations entities to debate, showcase or present their views on sustainable urban development, as well as specific projects.

Side events will be held on 14, 15 and 16 April 2015 during the following times:

- 08:30 09:30
- 13:30 14:30
- 18:30 19:30

## 14 APRIL

# IL

| TIME SLOT   | ROOM 9  | ROOM 10   | ROOM 11  | ROOM 14  |

### PARALLEL EVENTS

Beside the side events, a number of other high-level events also take place within and outside the United Nations venue organized by governments or stakeholders and revolving around the theme of sustainable urban development. Programmes and projects, as well as global and regional networks of partners take the opportunity to meet and advance in the debate on the New Urban Agenda during PrepCom2.

#### **GENERAL ASSEMBLY OF PARTNERS** World Urban Campaign

Monday, 13 April 2015 10:00 - 17:00 Conference Room 2

The General Assembly of Partners (GAP) is a special initiative proposed by the World Urban Campaign (WUC) to serve as a broad-based deliberative platform for non-governmental partners in order to develop a consensus for a joined outcome document and other related matters for the United Nations Conference on Housing and Sustainable Urban Development (Habitat III).

This first assembly meeting will convene all interested partners to deliberate on the constitution, road map and first joined statement (The City We Need) of the GAP. It will be held as a parallel event one day prior to the second session of the Preparatory Committee meeting for the Habitat III Conference.

# POLICY DIALOGUE WITH LOCAL AND REGIONAL GOVERNMENTS

Global Taskforce of Local and Regional Governments for Post-2015 Development Agenda Towards Habitat III

Monday, 13 April 2015 10:00 - 13:30

This session will aim at looking into a Global Agenda of Local and Regional Governments, building on membership priorities, expectations and concerns, challenging some of the assumptions that exist concerning the limitations of Local and Regional Governments as transformative actors. It will also discuss the priorities that local and regional governments want to see addressed in the Habitat III agenda such as equality and accountability from the bottom up, joint ownership and good and transparent governance, participatory decision-making, and a clear division of responsibilities between the different levels of governance.
