## Background and Rationale for Revising the Strategic Framework 2018-2019

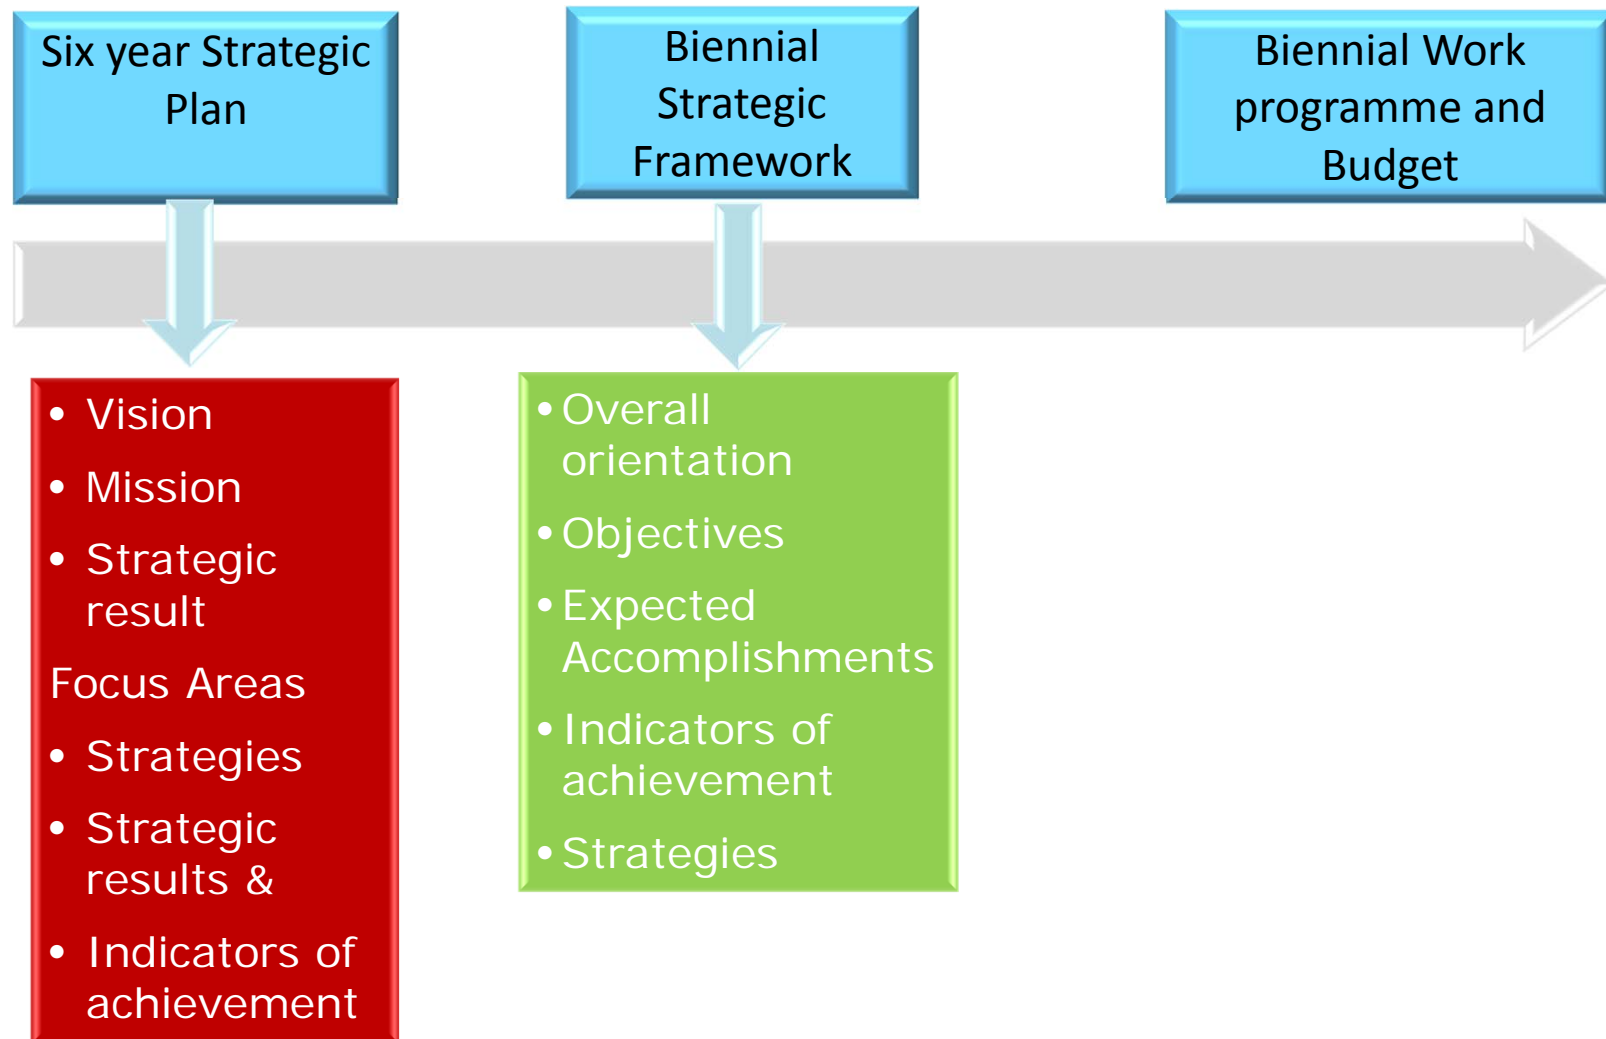

12.2 The six-year strategic plan for the period 2014-2019 is being implemented through three successive biennial strategic frameworks, for 2014-2015, 2016-2017 and 2018-2019. The direction of the present strategic framework is likely to be further guided and strengthened by the outcome document of the United Nations Conference on Housing and Sustainable Urban Development (Habitat III), to be entitled “The New Urban Agenda”.

This document will most likely be revised in 2017 to include the outcomes of major conferences, including the Habitat III Conference, the ongoing negotiations on Climate Change and the Humanitarian Summit to be held in May 2016 in Istanbul, Turkey.
