Practical information

19. Official website of the Kuala Lumpur travel guide

Kuala Lumpur is the national capital of Malaysia as well as its largest city. Kuala Lumpur is the cultural, financial and economic centre of Malaysia, home to the Parliament of Malaysia, and the official residence of the Malaysian King, the Istana Negara. More information is available at www.visitkl.gov.my

20. Official website of the Government of Malaysia – Travel Guide

Malaysia is a bubbling, bustling melting-pot of races and religions where Malays, Indians, Chinese and many other ethnic groups live together in peace and harmony. Multiculturalism has made Malaysia a gastronomical paradise and home to hundreds of colourful festivals. Geographically, Malaysia is almost as diverse as its culture. 11 states and 2 federal territories (Kuala Lumpur and Putrajaya) form Peninsular Malaysia which is separated by the South China Sea from East Malaysia which includes the 2 states (Sabah and Sarawak on the island of Borneo) and a third federal territory, the island of Labuan.

One of Malaysia's key attractions is its extreme contrasts which further add to this theme of 'diversity'. Towering skyscrapers look down upon wooden houses built on stilts while five-star hotels sit just metres away from ancient reefs.

Rugged mountains reach dramatically for the sky while their rainforest-clad slopes sweep down to floodplains teeming with forest life. Cool highland hideaways roll down to warm, sandy beaches and rich, humid mangroves.
