1. Background

The Land and Water Settlement Commission (LWSC) was established in 2016, according to Resolution No. (7) of 2016. Since its inception, LWSC has established 109 offices in the West Bank, signed 218 settlement agreements with local authorities, issued 182 settlement orders, and published 143 settlement announcements for Palestinian cities and villages. The LWSC aims to complete the surveying of approximately 3,740 km² (3,740,078 dunums) by the end of the year 2023. So far, it has completed the settlement of more than 27 per cent of the targeted area.

The United Nations Human Settlements Programme (UN-Habitat) Palestine under the project “Achieving Planning and Land Rights in Area C, West Bank, Palestine” that avails financial assistance from the European Union (EU), and in partnership with the LWSC, aims to furnish and equip the Geographic Information Systems lab at LWSC to support and improve their abilities to complete the target land settlement works within the specified timeframe, and therefore, invites vendors to send quotations for the supply and installation of the following hardware (and software where determined) equipment according to the specifications stipulated below, the bidders are hereby requested to provide UN-Habitat with their **best price**.
