

Veronika Pliats-Shirzadi, KfW

Veronika is Principal Sector Economist for sustainable mobility at KfW Development Bank, the German state-owned Development Finance Institution with headquarters in Frankfurt/Main.

International Economist by training, she has been with KfW since 2007 and was responsible for infrastructure projects in Latin America and Eastern Europe & Caucasus. She then joined KfW's sector policy division where she worked on climate finance and environmental and social standards before moving on to the mobility sector.
