Communal Handwashing Station Guide

Equipping urban populations with Hand washing Stations to promote sound hygiene practices and mitigate the impact of COVID-19 and its variants

Connect with us and stay updated @UNHABITATLB
When to use it?

These stations have been installed in locations that are prone to be crowded or are heavily frequented. When the stations are nearby, make sure to always wash your hands before and after entering the intended location.

Why implementing it here?

To reduce COVID-19 risks through improved hygiene behavior and sanitation practices and enhance the ability of the local communities to protect themselves against future similar health threats.
