DEPARTMENT, FEDERAL MINISTRY OF
WORKS AND HOUSING OF THE FEDERAL
REPUBLIC OF NIGERIA.**

My delegation welcomes the report of the the Executive Director on the analysis of the reputational risks to UN-Habitat related to the Sustainable Human Settlements Foundation and on the overview of earmarked private sector contribution agreements. My delegation is, once again, pleased by the remarkable transparency demonstrated by UN-Habitat which should be commended and sustained.

2. Nigeria believes that with this innovative approach, as demonstrated through the Sustainable Human Settlements Foundation, new avenues for increased, resilient and sustainable financing for the organisation will be achieved. We welcome the assessments done on several fronts including with the United Nations processes as well as the corporate profile of current corporate participant. We are further pleased to note that the private sector actors have also committed to the UN Global Compact on human rights, labour, environment and anti-corruption.

3. Nigeria notes that these principles will ensure reputational probity while offering UN-Habitat opportunities to advance its mandate.

4. Thank you.
