UNHA resolution on equitable financing

4. Requests the Executive Director, in consultation with the Executive Board, to **develop the terms of reference** of the funding window, noting the need to achieve the implementation of United Nations Habitat Assembly resolutions in a balanced manner.

5. Encourages Member States with unspent earmarked contribution balances to consider redirecting those balances for the implementation of resolutions adopted by the United Nations Habitat Assembly.

Governance and process

The secretariat consults with the ad hoc working group on programmatic, budgetary and administrative matters.

The Executive Director will submit an in-session report on the draft terms of reference to the Executive Board for its considerations during its third session of 2023.

When the Executive Board takes note of the terms of reference, they will come into force. Any revisions will require the Executive Board to take note.

Key elements of the resolution

Name and structure

Funding window is "within" the non-earmarked Foundation

Purpose

- To fund the implementation of UNHA resolutions "that lack adequate financing", noting the need to implement resolutions "in a balanced manner"

- Therefore, recommended that the funding window fills requirements that are non-recurrent, or projectized

Key elements of the resolution

Sources of funding

- Such balances are unplanned but occur because budgets are based on assumptions that are different from the eventual reality of implementing a project

Recommendation

 Terms of reference request the revision of the contribution agreement template in accordance with the resolution that established the funding window
