Results of the survey conducted by the secretariat following the third session of the Executive Board of 2023, to evaluate the effectiveness of that session so as to further improve the process and outcome of future sessions

Note by the secretariat.

I. Introduction

A. Background to and purpose of the survey

1. In line with rule 1.1 of its rules of procedure, the Executive Board of the United Nations Human Settlements Programme (UN-Habitat) “shall meet in regular session two or three times per year, as appropriate, at such times and for such duration as it shall determine”. The functions of the Executive Board are set out in rule 5 of the rules of procedure and include overseeing the normative and operational activities of UN-Habitat and ensuring the accountability, transparency, efficiency and effectiveness of the Programme.

2. In Recommendations on the methods of work of the Executive Board contained in document HSP/EB.2020/20 and which were adopted by the Executive Board at its second session of the year 2020 through Decision 2020/6, paragraph 2, the secretariat is expected to “conduct a survey following each meeting of the Executive Board to evaluate the effectiveness of the meeting, so as to further improve the process and outcome of future meetings”.

3. Following the third session of the Executive Board for the year 2023 which was held from 28 to 30 November 2023, the secretariat conducted a survey to evaluate the effectiveness of that session and explore ways to further improve both the process and outcome of future sessions.

4. On 30 November 2023, the secretariat circulated an electronic link to the survey to all 103 permanent missions accredited to UN-Habitat, with a deadline for submitting responses by 27 December 2023

5. This report which relays the results of the survey is for information to the Executive Board at its first session of 2024.

II. Participation

4. By 27 December 2023 the secretariat had received seven (7) responses only. The seven respondents had completed the online survey, which had been set up in such a way, that the responses received were anonymous and the submitters could not be identified. The response rate stood at 6.8 per cent (7 of 103 potential respondents, which are the Permanent Missions accredited to UN-Habitat)
III. Approach and methodology

6. In order to evaluate the effectiveness of the 2023 third session of the Executive Board, the survey was designed to explore various themes. Under each of these themes, various questions were designed. The survey followed the same structure used to evaluate the first session of the Executive Board of the year 2023. The survey was structured in the following six sections:

(a) Alignment of the functions and competence of the Executive Board with the provisional agenda of the sessions of the Board.
(b) Quality and usefulness of the pre-session documents.
(c) Briefing by the Executive Director.
(d) The number of sessions per year for the Executive Board; (e) Preparations and implementation of the third session of 2023 of the Executive Board.
(f) Other questions to improve the efficiency and effectiveness of the Executive Board.

7. The survey comprised of open-ended questions, ranking questions, multiple-choice questions and single choice questions to explore themes.

8. For ranking questions, a rating scale of level 5 (Strongly agree) to level 1 (Strongly disagree) was used. The scale was as follows:

Level 5: Strongly agree
Level 4: Agree
Level 3: Somewhat agree
Level 2: Disagree
Level 1: Strongly disagree

9. The survey comprised 20 questions. Below are the results of the Survey based on the questions.

IV: Survey Results

Question 1: How well aligned is the Agenda for each session of the Executive Board to its functions and competence in terms of strengthening the accountability and transparency of UN-Habitat, and providing an effective oversight to enhance its normative and operational activities?

Responses:
The Executive Board’s functions and competence are clearly understood and consistently.
The Agenda for each session is well aligned with the functions and competence of the Executive Board.

The provisional Agenda is clearly communicated to the Executive Board members for their inputs before being finalized.

The Executive Board Bureau is flexible and responsive in the planning process of the provisional Agenda of the Session to ensure effective oversight role of the Executive Board.
The Executive Board should review its decision 2019/ 4 which pre-determined what agenda items must be covered at each session.

Question 2: If the Secretariat were to help Member States and their Delegation understand the functions and competence of the Executive Board, what would be a better way to do so?

Responses:

Question 3: Please provide your views/ideas on how the process of drafting of the provisional Agenda for each session of the Executive Board can be improved?

Responses:

1. The Secretariat to solicit inputs from Member States prior to drafting the provisional agenda.
2. Regarding informal consultation during EB, would be better to use lunch time to late night discussion.
3. Prior communication to Member States communicating an indicative end time of informal consultations during the EB.
Question 4: How useful are the pre-session documents in their timing submission, accessibility, content and length in helping delegates to prepare adequately for the Executive Board sessions?

Responses:
Timely submission and distribution of pre-session documents, in accordance with the Rules of the Executive Board of 4 weeks is adequate.

Pre-session documents of 2023 third session were easily accessible to the Executive Board members in a timely manner.

The General Assembly guidance on the length limit of 8,500 words per pre-session document is sufficient, with the exception of specific documents like the work programme and budget and the strategic plan.
The documents presented at the 2023 third session of the Executive Board were informative and focused in content.

Sharing Executive Director/Secretariat presentations prior to the Executive Board sessions would bring about effective and active participation during discussions of Agenda Items.

Question 5: Please suggest on how the quality and the usefulness (including content and length) of the pre-session can documents be improved.

Responses:

- Timely submission of all Executive Board (EB) documentation 4 weeks prior to the EB is sufficient, although, all documents need to be made available at that time. Several documents such as the terms of reference for the funding window were not easily accessible.
- Presentations made during working groups and Executive Director’s briefing to be shared in good time with more detailed explanations.
Question 6: Please rate the usefulness of the Executive Director’s pre-session briefing which takes place two weeks prior to each session as provided for under rule 6.10 of the rules of procedure.

(Indicate months)

If ‘No’, please specify why not
Question 11: In your view, how many days should each Executive Board session be and why? (Indicate number)

Responses:

Question 12: The 2023 third session of the Executive Board was fully in person. How do you evaluate the fully in person format of 2023 third session and its possible application to future Executive Board sessions?

Responses:
In-person participation resulted in the third session of the Executive Board in 2023 being successful
The fully in person format placed remote participants who had only an open link to follow the proceedings without the possibility to interact at a disadvantage.

The in-person format was a more conducive format for complex discussions like on taking decisions on outcomes.

**Question 13:** For future Executive Board sessions, what format would you recommend? (single choice only)

- Fully in person: 4
- A hybrid format: 3
- Fully remote: 0
- Other (please specify): 0
Question 14: Please, provide reasons for choosing the format you recommend.

| Disagree          | 0 |
| Somewhat Agree    | 0 |
| Agree             | 3 |

The delegates discussed openly, stimulating inclusive debate and dialogue on substantive items that resulted in outcome decisions.

Draft decisions and technical inputs prepared for the Executive Boards’ consideration were manageable, in line with the mandate of the Executive Board.

Comments/feedback on the preparation if any.

The number of informal consultations on the draft outcomes were sufficient, however, informal discussions were required to facilitate negotiations on controversial text, more time for the outcome negotiations are welcome.
