

Agenda item 9:

Update on the implementation of all the resolutions adopted by the United Nations Habitat Assembly of the United Nations Human Settlements Programme

Executive Board of UN-Habitat: First session for the year 2024 6 to 8 May 2024

Resolution 1/1 – United Nations Human Settlements Programme strategic plan for the period 2020-23

- Under implementation.
- Extended to 2025 by UN-Habitat Assembly Decision 2/1 (2023).
- The Strategic Plan mid-term review by OIOS was finalised at the beginning of April 2024.

- After 28 years of support to cities on the development and implementation of municipal safety plans, the life cycle of the Safer Cities
 Programme has come to a close. (OP7)
- Safety is now being mainstreamed into the various mandate areas of UN-Habitat, including public spaces, smart cities and urban mobility.

Resolution 1/3 – Enhancing capacity building for the implementation of the New Urban Agenda and the urban dimension of the 2030 Agenda for Sustainable Development

- Developed UN-Habitat Learn Platform (30 courses, used by +10,000 users from +200 countries), hosting the NUA Illustrated crash course (available in 5 languages).
- Currently researching and piloting the use of generative AI in learning to expand portfolio on digital capacity.
- Expanding strategic partnerships (IHS, the Commonwealth Sustainable Cities Initiative, ITC, IUTC, Arcadis).
- Developing an internal framework to guide partnerships with Academia and research institutes.
- Exploring pathways to leverage innovation to qualify and quantify capacity gaps (of local and national governments); and to scale and mainstream capacity building good practices across the agency ("Brownbag Series" and "Capacity Building Corporate Screening").

NUA Illustrated crash course available in 5 UN languages

Resolution 1/4 – Achieving gender equality through the work of the UN-Habitat to support inclusive, safe, resilient and sustainable cities and human settlements

- Increased work with country offices and regional offices to improve gender scores and integrate social inclusion issues into projects. (OP1)
- Introduced the Gender Champion Award and showcased winning projects from Palestine and Mozambique for International Women's Day 2024. The Gender Champion Award will be recuring annually. (OP1)
- Completed the first draft of the Human Rights and Social Inclusion Handbook. (OP2, OP5)
- UNSWAP improvement plan shared in-house to improve 2024 scores.
- Nominations for new "Advisory Group on Gender Issues" members is online. On course to reconstitution by 2024 first quarter and allow for efficient planning for WUF 12 joint events. (OP4)
- Additional gender focused parameters to be included in the revision of the ESSS. (OP 1, OP2)

Resolution 1/5 - Enhancing urban-rural linkages for sustainable urbanization and human settlements

- Held 3 editions of international forums (OP3, OP4). The most recent 2023 edition was attended by 180 participants from 18 organizations and 17 countries.
- Published 6 Newsletters and 3 compendia of case studies.
 (OP3)
- Provided country support with evidence collection from 5 countries (Cameroun, Kenya, Nigeria, Senegal, Zimbabwe), and with policy enhancement in 12 countries. (OP1) Established a center at the University of Nairobi. (OP1)
- Additional funding to be explored with recent support from SIDA and ongoing discussion with Shanghai University
- Partnerships expansion with new MoU (FAO, Shanghai University)

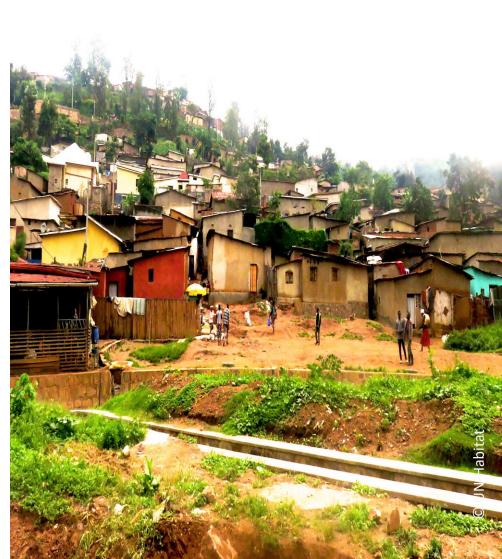

- 31 Global Experts advising UN-Habitat, representing 25 Countries and meeting monthly (virtual).
- Two global in-person meetings of the Global Experts Working Group 2024 were confirmed (Strasbourg; Baku); third is under consideration (2025).
 - 1st EGM concluded (17 18 April 2024), Strasbourg
- Regional consultations ongoing review of the hosts.
- Global assessment of the state of smart city development (World Smart Cities Outlook) ongoing.
- Stakeholder consultations preparation ongoing (civil society, private sector, local and regional governments, academia, other UN agencies and UN-Habitat Advisory Groups).

Resolution 2/2 – Accelerating the transformation of informal settlements and slums by 2030

- Provided Technical support upon demand to 10 Member States (OP 6)
- Development of sub-regional strategy framework for SADC countries advancing (OP 7)
- Agreement of partnership strategy with the Organization of the African, Caribbean and Pacific States and approval of sub-committee to support implementation (OP 7)
- Consultations on outline for a technical guideline for a multiple partnership approach to slum transformation (OP 8)
- Reviewing data needs and methods and criteria for policy best practices to be integrated with Adequate Housing Platform (OP 3(c) and 3(d))
- Global Publication on Slum Transformation and develop of a Transformative Action Matrix (OP 7) being finalised

- UNGA approved resolution A/78/L.11 and proclaimed 20
 September as World Cleanup Day. (OP1 and OP5)
- GA resolution invites UN-Habitat to facilitate the observance of World Cleanup Day. (OP6)
- Note Verbale to Member States is being prepared, informing of the adoption of the resolution A/78/L.11. (OP1)
- The Note Verbale will include a call for Member States to host the World Cleanup Day 2024. (OP6)
- Expression of Interest to host World Cleanup Day 2025 to be launched.
- World Cleanup Day incorporated on the UN-Habitat website.
 (OP2)
- Invitations will be sent with an information package to all Member States, UN agencies and other international organizations to observe World Cleanup Day. (OP2)

Resolution 2/4 – Biodiverse and resilient cities: mainstreaming biodiversity and ecosystem services into urban and territorial planning

Progress on the toolkit on urban development for biodiverse and resilient cities (OP2, OP7):

- Costa Rica is supporting the project on cities and nature in San José Metropolitan Area.
- Piloting a hotspot spotlight raster to proactively projects urban expansion, predicts land-use conflict zones, preserves peri-urban habitat, and prevents replication of mistakes.
- Results to be reported at WUF12, CDB COP16, and 2nd Session of the Executive Board.

Regional Expert Group Meeting in LAC (OP2):

- Planned to take place in July 2024.
- Will focus on promoting the mainstreaming of biodiversity and ecosystem services in territorial planning and management; aligning multilevel urban policies in biodiversity hotspots; sharing practices that contribute to more biodiverse and resilient cities.

Resolution 2/5 – Enhancing the Interlinkage between Urbanization and Climate Change Resilience

Strategically link the outcomes of previous COP Ministerial Meetings with future WUFs and COPs

- Merging SDG Cities Flagship with SDG Localization Team (UPB) renewed, strengthened corporate approach.
- Action-Oriented VLR Methodology piloted in 13 countries. (OP2a)
- Corporate capacity building offer on SDG Localization piloted in 5 countries. (OP2b, OP2c, OP2f)
- Active localization support in 18 countries and preparation for national SDG Localization programmes. (OP2d, OP2e)
- UMF applied in 80 new cities, +42 reached out for support. (OP4a)
- Local 2030 Coalition: Cooperation with SDG Fund and endorsement of SDG Localization Marker. Launch of Local2030 Knowledge and Scientific Network. (OP2f, OP9)
- Planned political engagement: HLPF, Summit of the Future and WUF12. (OP2b, OP2d)
- Priorities: secure unearmarked or soft-earmarked funding for the agency; consolidate internal collaborations and partnership with external stakeholders; consolidate tools and methodologies; scale up pilots to national programmes.

- Platform needs assessment designed and implementation underway. (OP8)
- Preliminary scoping expert meeting on housing indicators held. (OP1c)
- Preparatory consultations through Ad Hoc Working Group PBA.
- Confirmation of draft agenda for first session of Open-ended Intergovernmental Expert Working Group on Adequate Housing for All presented (OP2), including decision on date and duration (OP7) to be made by EB at its first session of 2024.
- Next steps:
 - Issue note verbale announcing date and venue, and including call for substantive inputs, of first session of Housing Working Group once confirmed by EB.
 - Confirm budget projections and available resources for first meeting and update Ad Hoc Working Group PBA.
 - Complete preparation of background documents for first session of Housing Working Group according to available resources and in-kind contributions by July 30th (if Oct '24) or Aug 31st (if Dec '24).
 - Complete the Adequate Housing Platform needs assessment and design digital portal.

- Our City Plans digital platform being updated with additional tools (infrastructure and finance knowledge and tools, starting with urban mobility). (OP1)
- Training and capacity development activities deployed globally and regionally through Our City Plans general structure and technical assistance to national and local governments for integrated infrastructure planning. (OP6)
- Outreach and connection with other initiatives in-house, such as the Cities Investment Facility and Capital Investment Planning initiated. (OP1a, OP5)
- New concept for integrated Urban Labs providing remote and hybrid technical backstopping and/or decentralised Urban Labs (centres of excellence) while implementing integrated planning processes. (OP6)
- Outreach to Member States for self-assessment of needs in the field of planning and infrastructure. (OP1, OP2)
- Resource mobilisation efforts to be accelerated with Multilateral Development Banks, Bilateral Cooperation and financial institutions.

Development of a comprehensive operational framework (OP1)

- Mapping of actors and country-level initiatives for each part of an urban crisis cycle (i.e. WMO under Earlywarning4ALL initiative, UNDRR for the Making Cities Resilient, IASC for the response, etc.).
- Establishment of partnerships for AI and technology innovation for data mining and data analytics on urban resilience systems for informed decisions.
- Development of urban recovery frameworks after crises (i.e. Syria, Ukraine).

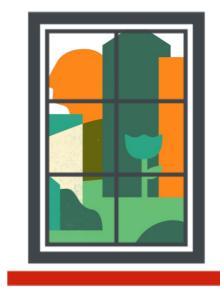

Efforts towards re-activation of fund (OP2)

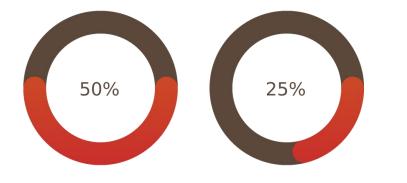

- The UN-Habitat emergency response fund (from crises to resilient development) is not yet fully reactivated due to lack of funding.
- UN-OCHA agreed to support UN-Habitat in accessing existing standby partnership managed by UN-OCHA.

- Done √: Set up the urban action funding window in the financial system (OP3)
- Done √: Establish its terms of reference (OP4)
- Done √: Revise the contribution template to include project balances (OP5)

2024-25: Design and develop the web page on UNHA resolution tracking (OP1, OP2)

2024-25: Establish mechanism to collect and publish information (OP1, OP2)

Thank you!
