

Executive Board of the United Nations
Human Settlements Programme
Second session of 2024
Nairobi, 4–6 December 2024
Item 4 of the provisional agenda*

Financial, budgetary and administrative matters

Financial status of the United Nations Human Settlements Programme as at 30 June 2024

Report of the Executive Director

I. Introduction

1. The present report provides an overview of the financial position of the United Nations Human Settlements Programme (UN-Habitat) as at 30 June 2024 and describes the performance of the main funding segments of UN-Habitat, namely the United Nations regular budget appropriations provided to UN-Habitat and the Foundation non-earmarked, Foundation earmarked, technical cooperation and programme support funds, for the period from 1 January to 30 June 2024.

2. Table 1 provides an overview of funding as at 30 June 2024, showing revenue, budget and expenses for all the major funding segments alongside the budget figures from the approved work programme for 2024. A statement of financial performance showing the revenue, expenses, fund balances and reserves for each funding segment is set out in annex I. The status of Foundation non-earmarked contributions for the years 2020 to 2024 is set out in annex II, while annex III shows the status of earmarked voluntary contributions as at 30 June 2024.

cooperation funds, total voluntary contributions exceed revenue because of outstanding refunds to donors, as is shown in annex I.

II. Performance of core funds

4. The core funds of UN-Habitat are the Foundation non-earmarked fund and the regular budget fund.

A. Foundation non-earmarked fund

5. The resources of the Foundation non-earmarked fund, also known as the Foundation general purpose fund, are allocated against budget priorities approved by the Executive Board of UN-Habitat.

6. The main source of Foundation non-earmarked fund revenue is non-earmarked contributions from Member States. The Foundation non-earmarked fund constitutes a core source of funding for the implementation of the UN-Habitat strategic plan and for mandated normative work, executive direction and management and a baseline level of programme support.

7. The 2024 approved budget for the Foundation non-earmarked fund is \$4.0 million. As at 30 June 2024, total revenue amounted to \$1.9 million, and expenses totalled \$1.3 million, resulting in a net operational surplus of \$0.6 million. Expenses consisted of \$0.9 million in post costs and \$0.4 million in operating expenses. A statutory operational reserve of \$3.0 million is provided for in accordance with Executive Board decision 2022/5.² Revenue, expenses and closing net assets for the Foundation non-earmarked fund for the years from 2015 to 2024 are shown in table 4 and the figure below it.

8. The figure below, which charts the trends in the Foundation non-earmarked fund, shows the gradual decline, on average, in revenue in the years prior to 2022, alongside an average decline in expenses. Despite the implementation of financial austerity plans, expenses exceeded revenue in the years prior to 2022, which resulted in deficit spending and an ensuing steady decline in net assets, resulting in negative net assets in 2020 and 2021. In 2022, revenue reached its highest level since 2012 and, with reinvigorated expense controls in place, UN-Habitat reported its first surplus in more than a decade. As a result, the Foundation non-earmarked fund returned to solvency. In 2023, the net assets increased to their highest level since 2016.

Trends in the Foundation non-earmarked fund

(Thousands of United States dollars)

^a Projected data.

9. In 2017, the secretariat approved a loan of \$3.0 million from the programme support fund to the Foundation non-earmarked fund. Repayments of \$0.5 million were made in 2022 and 2023, for a total of \$1.0 million repaid to date, and with a remaining liability of \$2.0 million. Assuming that annual repayments of \$0.5 million are made, the loan is projected to be fully repaid in 2027.

B. Regular budget fund**1. Section 15**

10. An appropriation approved by the General Assembly is provided to UN-Habitat under section 15 (Human settlements) of the United Nations regular budget. In 2024, the appropriation amounted to \$13.0 million. Due to austerity measures emanating from the liquidity crisis in the regular budget fund, the secretariat allotted \$11.9 million, or 91.5 per cent of the appropriation. Post costs accounted for 95.0 per cent of the \$6.0 million in expenses recorded by 30 June 2024.

2. Sections 23 and 35

11. UN-Habitat also receives resources under section 23 (Regular programme of technical cooperation) and section 35 (Development Account) of the United Nations regular budget. In 2024, appropriations under section 23 amounted to \$1.4 million, of which \$1.3 million, or 92.9 per cent of

the appropriation, has been allotted due to austerity measures. As at 30 June 2024, \$0.6 million had been spent. Both the appropriation and the allotment under section 35 were \$1.8 million, of which \$0.5 million had been spent as at 30 June 2024.

C. Programme support fund

12. The 2024 programme support budget approved by the Executive Director totalled \$10.0 million. Total revenue as at 30 June 2024 amounted to \$6.5 million, while total expenses amounted to \$4.8 million, resulting in a surplus of \$1.7 million. Post costs represented 45.8 per cent of total expenses.

13. Programme support resources are generated through the charge levied as a percentage of direct earmarked expenses, in accordance with the administrative instruction on programme support accounts.³ This charge is for recovery of incremental indirect costs to ensure that the additional cost of supporting earmarked activities is not paid from core funds. Revenue, expenses and closing net assets for the programme support fund for the years from 2015 to 2024 are shown in table 5.

III. Performance of earmarked funds

A. Foundation earmarked fund

14. Voluntary contributions to the Foundation earmarked fund are intended for the implementation of specific activities at the global and thematic levels that are consistent with the mandate and the approved work programme of UN-Habitat.

15. For 2024, the revised budget is \$54.0 million, while gross revenue as at 30 June 2024 before refunds to donors was \$22.2 million, which includes voluntary contributions of \$21.2 million. For the period, net revenue after refunds to donors amounted to \$20.2 million. Total expenses incurred were \$24.8 million. Gross project balances at the end of the period amounted to \$126.1 million, including a reserve of \$4.0 million. The reported deficit of \$4.6 million is notional, as it results from the utilization of part of the project resources carried over from 2023.

B. Technical cooperation fund

16. Voluntary contributions to the technical cooperation fund are for the implementation of specific technical activities at the country and regional levels that are consistent with the mandate and approved work programme of UN-Habitat.

17. The revised budget for 2024 is \$94.3 million, while gross revenue as at 30 June 2024 before refunds to donors was \$57.2 million, mainly from voluntary contributions. For the period, net revenue after refunds to donors amounted to \$54.4 million, while expenses were \$61.7 million. The reported deficit of \$7.3 million is notional, as it results from the utilization of part of the project resources carried over from 2023. Gross project balances at the end of the period amounted to \$306.3 million, including a reserve of \$11.4 million.
