

UN-HABITAT

Annual Report 2024

Advancing a better future **through adequate housing and sustainable urbanization**

unhabitat.org

Our challenge

1.1 billion

people live in
slums or informal
settlements

2 out of 5

people lack safely
managed
sanitation

318 million

people are
homeless

96,000

new housing
units are needed
daily by 2030

Our focus

1

**Reducing
inequality**

2

**Promoting
prosperity**

3

**Acting for
climate and
nature**

4

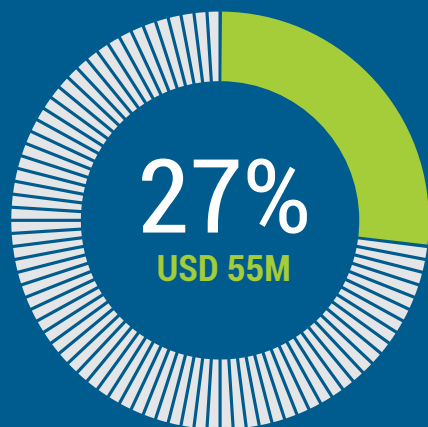

**Responding
to crises**

What we get

In 2024, UN-Habitat is a
USD 200 million-sized organization.

7% Regular budget

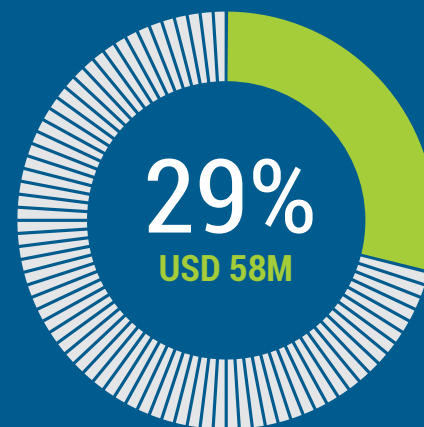

93% Direct contributions
from donors and partners

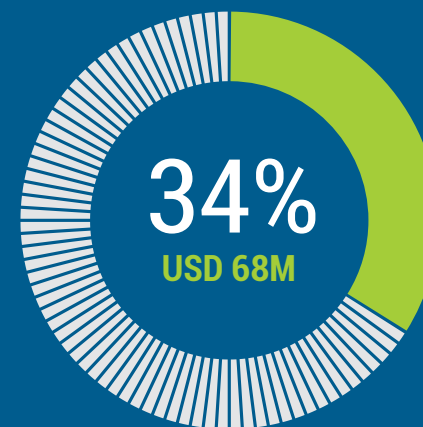

Reducing
inequality

Promoting
prosperity

Acting for climate
and nature

Building resilience
to crises

What we deliver

237 million

people benefited
from improved
planning/management

205,000

people in slums
supported to
access basic
services

98,000

households
gained more
secure land
tenure

68,000

more people with
sustainable
mobility access

64

countries
supported to
advance
national-level
urban policies

27

countries
supported in
collecting SDG
data

Reducing inequality

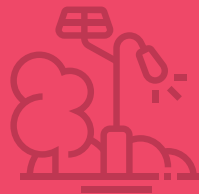

When someone is willing to truly listen to us, we see how active listening changes their perspective.”

Joana Darc Rosalvo, Mother of Vitoria who suffers from spastic cerebral palsy

316,000+

people gained access to improved water and sanitation

70,000+

people accessed safe and inclusive public spaces in 14 cities

14 cities

and 2 countries adopted homelessness and housing strategies

Promoting prosperity

When UN-Habitat and FAO demarked the land and provided titles, they created peace and unity. Now everyone knows their borders ... and we won't have problems in the future."

Walter Cá, Community resident, Pelundo, Guinea-Bissau

5,700,000+

people live in areas where UN-Habitat developed urban plans

17 Voluntary

Local Reviews published globally

20 cities

piloted strategies and projects to inform the International Guidelines on People-centred Smart Cities

Acting for climate and nature

Now, we can drink the water
from the tank. We don't have
to worry about getting sick."

Thida, 14-year-old student, Yangon, Myanmar

44,500+

people in Jordan, Lebanon,
and Syria benefitted from
climate adaptation actions

5 integrated

urban climate action plans
initiated focusing on most
vulnerable communities

13 City

Resilience Frameworks for
Action under development
in Sub-Saharan Africa

Responding to crises

The Bab Sinjar Housing Complex has been a lifeline for families like mine, providing a sustainable solution to the housing crisis caused by the war. It is a symbol of hope for our community."

Samer Hassan Muhsen, Resident, Mosul, Iraq

6,700,000+

internally displaced people in 2 countries benefitted from context-specific urban migration and displacement responses

9 cities

implemented local disaster risk reduction strategies in line with the Sendai Framework

10 local

authorities rolled out sustainable and inclusive local safety strategies

Lessons learned

①

**Clear vision
of the Plan and
relevant domains
of change**

②

**Limited impact
from funding/
resource gaps**

③

**Stronger field
presence and
data needed**

④

**Collaboration
across
governments and
stakeholders
improved**

⑤

**Member State
support
strengthened**

United for sustainable urban development

Global advocacy and events

- WUF12 (Cairo)
- Urban October
- Africa Urban Forum

UN system collaboration

- Partnered with UN agencies, Resident Coordinators, World Bank and humanitarian actors on housing, land, and displacement

Regional and local coalitions

- Local2030 Coalition
- SDG Cities

Enhancing capacities and knowledge

Delivery of capacity development
programmes (online, in-person)
