1. WUF13 accreditation is sufficient; no additional accreditation is required to operate within the World Urban Forum venue.
2. All media equipment temporarily imported into Azerbaijan – including radio-electronic devices and broadcast equipment – must be declared through the [E-customs: Electronic Customs Services portal](#). The declaration must be submitted at least 72 hours prior to arrival in the country.
3. Upon arrival in Azerbaijan, the following documents must be presented to the customs officer at the airport:
  - Registration Acknowledgement Letter (media accreditation confirmation)
  - Simplified declaration for passengers

4. Upon departure, the same declaration must be presented to customs officials together with the declared equipment.
5. **Drones are not allowed for entry to Azerbaijan.**
6. Accredited broadcast media need to send a request for the temporary use of radio frequencies to facilitate entrance of radio-electronic devices into the country. Information about procedure will be provided at a later stage.
7. Additionally, check the [information for travelers](#) section on the official website of the State Customs Committee of the Republic of Azerbaijan for detailed import/export procedures and updated regulations.
8. Accredited foreign media attending WUF13 may carry out reporting or filming outside the WUF13 venue only after obtaining clearance from the relevant authorities in Azerbaijan. Filming and photography are generally permitted in public areas such as streets, squares, and other areas. Please be informed that it is the media's responsibility to verify any potential entry fees associated with these locations.
