

Additional programme impacts

Implementation

Urban Profiling Countries	
Country	Activity
Cape Verde	Replicating the urban profiling in all major urban centers
Central African Republic	Implementing the urban profiling financed by the EC country office in Bangui.
Gambia	The implementation process is strongly supported and the mayor of Banjul has budgeted for the implementation of identified priorities. The programme is implemented by the National Planning Commission which is enabled to focus on urban development issues through the programme.
Ivory Coast	The implementation process is supported in country. .
Kiribati	Attended the regional training workshop in Fiji and are planning to implement the urban profiles as a pilot in one city.
Namibia	Has launched the urban profiling with government funds as follow-up to the ACP/EC/UN-Habitat Conference
Nigeria	Is constantly expanding the programme. To date, more than 12 cities have undertaken urban profiling and first three comprehensive strategic plans (action planning and city development strategy) have been produced through government funding.
Papua New Guinea	Replicating urban profiling in 6 additional cities and applies the approach for its USD 4 million village upgrading programme; has further launched the second component, partly government funded.
Samoa	Attended the regional training workshop in Fiji and are planning to implement the urban profiles as a pilot in one city.
South Africa	Has launched the urban profiling with government funds as follow-up to the ACP/EC/UN-Habitat Conference
Tonga	Participated in the workshop to support the urban profiling and the advocacy for the Participatory Slum Upgrading Programme in the region.
Uganda	Has already budgeted for the programme to be up-scaled at city and national levels.
Vanuatu	Attended the regional training workshop in Fiji and are planning to implement the urban profiles as a pilot in one city.

Action Planning and Programme Formulation

Cameroon	The government is financing the implementation of the action plans in an additional town, so that two previous urban profiling cities can participate.
Eritrea	The ministry is financing the implementation of the action plans in one additional city and of the identified programmes for slum upgrading in two cities.
Ethiopia	The government is supporting PSUP and is linking their activities to the public housing programme that is currently implemented in Ethiopia.
Kenya	The PSUP led to a cooperation with UN-OCHA Kenya, aiming to advocate for appropriate response to urban vulnerability and poverty. The action planning and programme formulation will be supported by additional funds of 2 million USD to identify activities at larger scale.
Senegal	The mayor of Dakar is adding an additional 150,000 USD to the process in order to implement activities in another community of Dakar.
